

Room for rent in Saint-Lambert

Room to rent for a student or students in a 3-level town-house style condo complex: 2 rooms upstairs and another in the basement. If preferred, both rooms upstairs could be rented by the same person for more space; one as the bedroom and the other as a study. The renter has access to all levels and welcome to use appliances in the house (washer, dryer, stove, microwave, fridge, etc) The main floor houses the kitchen, dining room, ½ bathroom, a spacious front entrance plus a patio section in the back of the house to sit and relax and soak in the beautiful fall sunshine that's to come our way soon. The grounds are spacious and beautiful and are well kept year-round, a very safe and secure environment. The bus stop is located directly across the street that goes directly to Champlain College. There is also an excellent bicycle path; maybe a 15-minute bike ride to the college. Possibility of borrowing one of the bicycles at the house. Parking is available but a permit must be purchased at the student's expense. Electricity, heating and internet are included. All amenities included and most commodities are within walking distance. If a trip to the grocery store, pharmacy, etc. is planned the student can certainly get a lift. The price depends on the number of rooms the student wants to rent, but it is extremely reasonable. If interested send an email to dlshwlpse@gmail.com.
