

# COMMERCE OPTION

---

**ABOUT THE PROGRAM** — The Commerce option of the Social Science program is a two-year pre-university program for students interested in pursuing careers in commerce, business administration, international business, law, computer science and more. The Commerce option provides students with the required mathematics, business, economics and computer literacy courses required for university admission. The multi-disciplinary approach offers students the opportunity to study history, psychology, and at least one other discipline providing the strong social science background sought by universities. Students will benefit from working in a team environment fostering academic excellence. An international component will convey an understanding of the impact of culture on commerce and trade in a global market.

## UNIQUE ABOUT THE PROGRAM
