

LANGUAGE AND CULTURE OPTION

ABOUT THE PROGRAM — The Language and Culture profile of the Arts, Literature & Communication program is a two-year pre-university program which immerses students in the study of language, thought, culture, and national traditions while encouraging trans-national approaches and cultural plurality.

Our goal is to enable students to develop communicative skills in Spanish and Italian and provide critical tools to understand the complexities of cultural traditions.

Gone are the days when students would study languages with the sole intention of pursuing a career in translation or interpretation. In today's global job market you will find many professionals, business executives, diplomats, economic and market analysts and journalists with a degree in Languages and/or a degree in the Arts. Cultural adaptability, critical thinking and reasoning, problem-solving and adeptness in multiple languages are skills that are sought after by many employers.

Studying Language and Culture at Champlain College Saint-Lambert is the first step to widening your inter-cultural awareness and providing you with valuable communicative skills that will help to prepare you for a global job market.
