

LAW AND CIVILIZATION

LAW, CIVILIZATION AND

MATHEMATICS

ABOUT THE PROGRAM — Our students receive a well-rounded education based on interdisciplinary studies exploring ideas and knowledge-building skills in law, history, philosophy, religion, art history, social sciences, natural sciences, and mathematics.

Our students will benefit from an environment where faculty and students work together in a community dedicated to learning.

Our students will develop as individuals and gain self-confidence through team-building, problem-solving and cooperative projects.

Our students will develop critical thinking and study skills while expanding oral and written communications skills.

Our students will have an opportunity to participate in extra-curricular activities such as concerts, plays, movies, field trips, and more. These activities will help broaden and further enrich our students' understanding of Liberal Arts from outside the classroom.

We are the only CEGEP to offer two unique options under the Liberal Arts Program.

LAW AND CIVILIZATION

Law and Civilization is ideal for students wishing to pursue university studies in Law, including Common, Civil, and International Law.

The Law and Civilization option is also ideal for students looking for a well-rounded education with excellent preparation for future studies in:

- ↳ Communications
- ↳ Creative Writing
- ↳ Education
- ↳ Journalism
- ↳ Law
- ↳ Liberal Arts
- ↳ Literature
- ↳ Philosophy
- ↳ and many other university programs under the Faculty of Arts & Science.

LAW AND CIVILIZATION AND MATHEMATICS

Graduates from the Law, Civilization and Mathematics option will also have the required mathematics pre-requisite courses (Calculus I, Calculus II, and Linear Algebra) needed to apply to the following university programs:

- ↳ Accounting
- ↳ Actuarial Mathematics
- ↳ Finance
- ↳ Human Resource Management
- ↳ International Business
- ↳ Management
- ↳ Marketing

APPLICATION DEADLINE: MARCH 1ST FOR THE FALL SEMESTER

Minimum Admission Requirements:

Quebec Secondary School Diploma or a level of education that is deemed equivalent by the College. Even if applicants meet the requirement of the Réglement sur le régime des études collégiale, they may be refused admission due to lack of space.

Prerequisites:

Mathematics TS 5 or SN 5 (for Math Option only)
